Glowing Reviews for WWW: Wake

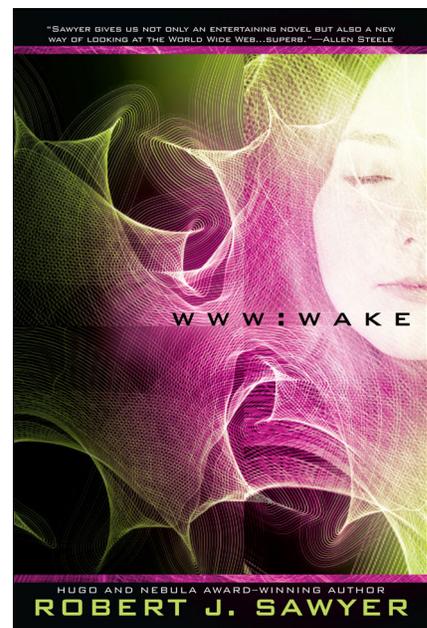

The Ottawa Citizen: “Robert J. Sawyer paints a compelling portrait of a blind teenage girl, and imagines in detail — from scratch — the inside of a new being. Almost alone among Canadian writers, he tackles the most fundamental questions of who we are and where we might be going — while illuminating where we are now.”

Library Journal: “Robert J. Sawyer continues to push the boundaries with his stories of the future made credible. His erudition, eclecticism, and masterly storytelling make this trilogy opener a choice selection.”

Sacramento Book Review: “From an author who has won just about every award a science-fiction author can come one of the most original and fascinating novels to be published in a long time. *Wake* has just as much right to be on a fiction shelf with other literature classics.”

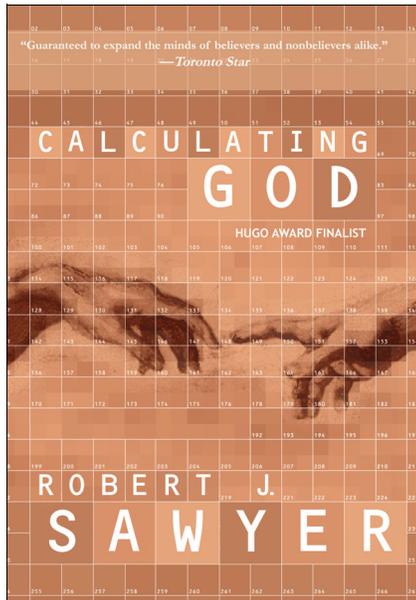

Publishers Weekly (starred review): “The thematic diversity — and profundity — make this one of Sawyer's strongest works to date.”

Halifax Chronicle-Herald: “Robert J. Sawyer's an excellent storyteller, and you catch him here at his very best.”
